

# MIRADA INFRARED HEATED MIRROR

## ELEGANT WARMTH FOR YOUR BATHROOM OR BEDROOM

- Built-in heat conductors to 122° F max surface temperature - heat radiates from 85% of surface area
- .5" insulation reduces background temperature and improves thermal infrared radiation emitted from the front
- Frameless design
- Optional frame-surround light kit with dimmer switch to set the lighting to any mood
- Sturdy wall mount hold with optional ceiling mount
- Two integrated thermal safety switches

# MIRADA HEATED MIRROR

DESCRIPTION	PART NUMBER	POWER (W)	CURRENT (A)	SIZE (IN)	WEIGHT (LBS)	SUITABLE FOR ROOM SIZE (m <sup>2</sup> )
36" Mirror	HM0580	580	2.5	36 x 24 x .1	30	8 - 12
48" Mirror	HM0780	780	3.4	48 x 24 x .1	38	11 - 16
70" Mirror	HM1725	1725	7.5	72 x 36 x .1	65.25	25 - 35

## CHARACTERISTICS:

- Slim design (.86" thick)M - distance from wall 1.2"
- Minimal wall clearance, approx 2"
- High-quality single pane toughened safety glass with Heat Soak Test (TSG-H)
- Rounded glass edges and corners (radius .2")
- Rear panel: .6" galvanized metal housing, powder-coated white
- Integrated thermal safety switches
- Highly-efficient rear insulation
- Built-in stainless steel heating element

## TECHNICAL DATA

FRONT:	5 mm TSG-H toughened safety glass
POWER SUPPLY:	115 V, 640 Watts
FREQUENCY:	50 Hz
IP RATING:	IP X4
PROTECTION CLASS:	I
HEATING TECHNOLOGY:	ESHC
CONNECTION CABLE:	76" white
SCHUKO PLUG:	Yes
CERTIFICATION:	VDE
WARRANTY:	1 year

## ACCESSORIES

The light frame adds pleasant warmth and white, dimmable illumination to the coziness of the infrared heater – without any extra power cables. Efficient LED strips inside the light kit direct their light evenly downwards through a warm white (3000K), translucent scattered light insert. The light frame itself is made of anodised aluminium. It can be fitted to the wall or ceiling.

The thermostat, which is powered by an efficient 10-year lithium battery, continuously monitors the room temperature and regulates all infrared heaters located in the room at the same time, depending on the programmed settings. A convenient control wheel allows the user to switch between 'frost protection, night, day and automatic' modes.

Part #	Description	Luminous Flux	Power
LI090060	HM0580 36x24	4800	31 W
LI120060	HM0780 48x24	5700	37 W
ST00065	Radio Thermostat		115V
